

BENGALURU **2026** TECH SUMMIT

Bangalore International Exhibition Centre
November 17-19, 2026

AI & BEYOND

Announcing BTS 2026

Bengaluru Tech Summit 2026, set for 17-19 November 2026 at the Bangalore International Exhibition Centre (BIEC), returns as Asia's largest technology event, a grand celebration of innovation bringing together visionary industry leaders, governments, investors, startups, researchers, and academia from over 75 countries. The 29th edition of BTS is an initiative of the Department of Electronics, Information Technology and Biotechnology, Government of Karnataka, in partnership with the industry stakeholders and brings the world of technology and business together.

Larger and more dynamic than ever, the Summit will feature high-impact conferences, a massive global exhibition, curated international sessions, immersive showcases, and a host of engagements – transforming Bengaluru into a grand stage for technology, collaboration, and breakthrough ideas for three electrifying days.

The programming will adopt an AI-First approach, recognising artificial intelligence as the defining force reshaping every sector. Beyond technology, discussions will examine policy, infrastructure, skilling, and global competitiveness positioning AI as the foundation of the next economic and innovation order.

BTS 2026 in Numbers

THE 6 PILLARS OF BTS 2026

BTS 2026 is built on six dynamic pillars that showcase the summit's depth.
From innovation and business to talent and immersive experiences.

TRENDS

Insights from thought leaders, disruptors, and tech gurus shaping the future.

INSIGHTS

Focus on DeepTech, Biotech, Startups, and Global collaboration driving innovation.

BUSINESS

A platform for showcases, product launches, B2B/B2G meetings, and founder dialogues.

CELEBRATIONS

Recognizing excellence in STPI IT exports, SmartBio, Startup and Expo Awards.

TALENT

Empowering youth through quizzes, posters, mentoring, and pitching forums.

EXPERIENCE

Engaging experiences with TechXperiential showcases, Green BTS, and city outreach.

Conference at BTS 2026: AI and Beyond

The Conference at Bengaluru Tech Summit 2026 will convene global leaders, policymakers, innovators, researchers, and investors to shape the next chapter of technology-led growth.

Anchored in an AI-first era, the programme will drive high-impact conversations across 15 dedicated tracks on emerging technologies, strategic sectors and global partnerships, all translating ideas into action and collaboration into measurable outcomes.

IT & Deeptech

Exploring emerging technologies, progressive policies, and global economic shifts shaping AI enterprises, digital transformation, platform economies, and innovation-driven growth.

1

Electro-Semicon

Focused on semiconductor design, advanced manufacturing, AI-enabled chip innovation, and resilient supply chains to boost India's global technology competitiveness.

2

Electric Mobility

Driving EV transition through battery innovation, charging infrastructure, connected ecosystems, clean mobility policies, and startups accelerating sustainable transportation innovation.

3

Frontier Tech

Showcasing breakthroughs in AI, space, robotics, quantum computing, advanced manufacturing, Web3, and next-generation materials shaping future strategic industries.

4

GCC Focus

(Global Capability Centres)

Exploring GCCs evolving into AI-driven hubs for innovation, product ownership, advanced engineering, research, and global digital leadership in enterprises.

5

Digital Infrastructure & Data Centers

Building India's next-generation hyperscale, sustainable, secure, edge-enabled infrastructure supporting AI workloads, cloud growth, data sovereignty, and digital economy expansion.

6

7

Data & Cybersecurity

Strengthening cyber resilience with AI-driven threat intelligence, robust governance, privacy regulations, secure architectures, and proactive protection of critical digital infrastructure.

9

Finverse

Reimagining finance through fintech innovation, AI risk intelligence, digital payments, embedded finance, evolving regulations, and startups transforming financial services.

11

Orange Economy

This track promotes creative industries (AVGC Films/television, music) using digital platforms, AI content tools, immersive tech, and innovation in media, gaming, and design.

Health & Biotech

Advancing healthcare with AI diagnostics, precision medicine, biotech breakthroughs, digital therapeutics, and scalable technologies improving accessibility, affordability, and patient outcomes.

8

Circular Economy

Leveraging AI-driven optimization for sustainable production, resource efficiency, waste reduction, carbon management, and climate-resilient industrial transformation.

10

Academia & Skilling

Builds an AI-ready workforce through skills development, digital learning, lifelong upskilling, industry-aligned curriculum, and academia-industry-government collaboration.

12

Global Collaborations

GIA partner sessions enabling cross-border innovation, investment, co-development, startup exchange, and global sustainable partnerships and growth.

India-USA Tech Conclave

Strengthening bilateral partnerships in AI, semiconductors, clean energy, defence, space, and digital infrastructure for shared innovation and growth.

India Innovates

Showcasing grassroots innovations and startups solving global challenges in agriculture, climate, healthcare, and digital public infrastructure.

FUTURE MAKERS

Following the successful debut in 2025, 'Future Makers' returns at BTS 2026 as the dedicated platform spotlighting the Deeptech Startup Ecosystem. This high-visibility platform will once again anchor startup and investment engagement at the Summit. Future Makers will serve as the central hub for founders, investors, corporates, and policymakers driving next-generation innovation.

❖ Future Makers Conclave

A high-impact gathering of founders, venture capitalists, angel investors, corporate innovation leaders, and policymakers discussing capital flows, scaling strategies, AI-led disruption, and global market access.

❖ Startup Ecosystem Conference Track

Hear from unicorn founders, investors, accelerators, and policymakers on Scaling, Building Globally Relevant Products, Investments, across high-growth sectors.

❖ Startup & Innovation Awards

A prestigious recognition platform celebrating disruptive ideas, scalable business models, and transformative technologies driving India's innovation momentum.

❖ Startup Pitching Platforms

Curated pitch arenas where high-potential startups present their solutions to leading investors, corporates, and global partners, unlocking funding, partnerships, and market opportunities.

❖ Investor Connect Program (Mentoring)

Structured one-on-one mentoring and matchmaking sessions connecting startups with seasoned investors and industry leaders for strategic guidance, capital access, and growth acceleration.

❖ Product Launch 5.0

Product Launch 5.0 returns to BTS 2026 as a high-visibility platform where startups unveil next-generation innovations, demonstrate breakthrough solutions, and gain exposure before investors, industry leaders, and global stakeholders.

❖ Startup Showcase

Bengaluru Tech Summit has long been a launchpad for innovation and BTS 2026 elevates this legacy with exciting programs designed for startups, investors, and ecosystem enablers to connect, collaborate, and create impact. At BTS 2026, the future is not just being discussed, it's being funded.

A curated showcase of 1000+ handpicked startups from India and globally, displaying game-changing solutions across sectors. From AI and Healthtech to FinTech and EnterpriseTech, from Cleantech and Agritech to DeepTech and Sportstech. An ideal space for discovery, demos, and deal-making.

STARTUP TARIFF

Type	Price	Special Offer
Startup POD (43" TV Screen)	Rs. 60,000/-	Rs. 37,500/-
Startup POD	Rs. 52,000/-	Rs. 30,000/-

*GST Applicable @ 18%

SPECIAL PROGRAMMES

- **STPI IT Export Awards**
- **SmartBio Awards**
- **Startup & Investor Awards**
- **Strategic Roundtables**
- **India Innovation Alliance (IIA)**
- **Mastreclass Series**
- **B2B Partnering**
- **TCS National Rural IT Quiz**
- **National BioQuiz**
- **Poster Showcase : Walkway of Discovery**

Partnership Opportunities

SPONSORSHIP

Bengaluru Tech Summit offers unmatched visibility for brands looking to lead conversations at the intersection of technology, innovation, and global collaboration. As a BTS Partner, you gain exclusive access to a diverse audience of decision-makers, industry leaders, startups, investors, and policymakers from around the world.

EXHIBITION

➤ **Asia's Premier Tech Commerce & Innovation Marketplace**

The Exhibition at BTS 2026 will be about conversions. Conversions of ideas into ventures. Conversations into partnerships. Product Demos to Deals. Set against the expansive backdrop of BIEC, this year's exhibition promises a bold new scale, spotlighting innovation, collaboration, and commerce. With a major leap in participation, floor area, and international representation, the exhibition is set to become the **business engine** of the summit. It will host **1,800+ exhibitors** from across India and from over **75+ Countries**, representing diverse sectors and cutting-edge technologies.

Organised by:  **NÜRNBERG
MESSE**

embedded world India, co-located with the **Bengaluru Tech Summit 2026**, brings together the global embedded systems community—technology leaders, developers, manufacturers, startups, and policymakers. The event showcases innovations across the full embedded technology stack, from hardware and systems to AI-driven solutions and IoT connectivity.

❖ Key Highlights

- End-to-end showcase of embedded technologies
- Global platform for industry leaders and innovators
- Exhibition plus expert-led conference sessions
- Focus on AI, IoT, embedded vision, and system design

❖ Why Exhibit?

- Access India's fast-growing embedded market
- Connect with key decision-makers and buyers
- Showcase products and build partnerships

❖ Who Should Attend?

- Engineers, developers, and tech professionals
- Business leaders and startups
- Researchers and industry stakeholders

❖ Key Industries

- Automotive, telecom, and industrial automation
- Consumer electronics and medical tech
- Aerospace, energy, and smart infrastructure

- Components & Modules
- Operating Systems
- Hardware & Software Design
- M2M Communication Services
- System Design

Special Zones

- Corporate & Industry
- STPI National Showcase
- Leading States of India
- International Pavilion
- MSME National Pavilion
- Beyond Bengaluru
- Startup Zone
- R&D Pavilion (Lab-to-Market)
- Showcase

Sectorial Pavilions

- AI & Deeptech
- Spacetechn
- Animation & Gaming
- ElectroSemicon
- BFSI & Fintech
- Greentech
- Biotech & Healthtech
- Drones and Robotics
- Edutech

Corporate/ International

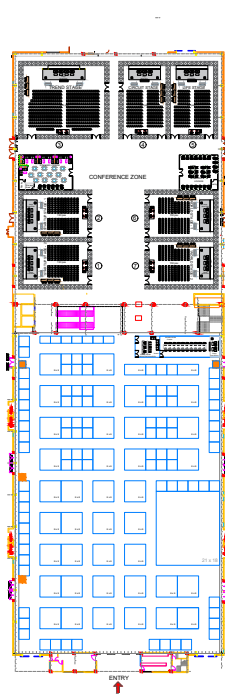

Space Type	Price	
	(INR/Sq.mts.)	(USD/Sq.mts.)
Shell Space	Rs. 14,000	US \$ 250
Raw Space	Rs. 13,000	US \$ 225

Global Tech Gateways

A Convergence of Nations, Innovation, and Opportunity

Bengaluru Tech Summit invites international delegations, including governments, trade bodies, tech hubs, enterprises, and innovation agencies to come together, to build new bridges of collaboration and commerce.

A highlight of the international exchange at BTS, is the flagship GIA initiative, under which Government of Karnataka, fosters international partnerships through curated sessions, B2B meetings, and exhibitions. Partner countries showcase innovation, drive tech collaboration, and explore synergies in trade, skilling, research, and startups, making the GIA Pavilion a global hub of co-creation and opportunity. Engage early and meaningfully across every aspect of the summit to make the best of this platform.

Key Engagement Opportunities

- Opportunity to curate Sessions under Global Convergence Track
- Bilateral Tech Dialogues
- Ministerial Plenaries with top Indian and global dignitaries
- Trade Missions and MoU signings
- Global Tech Showcases
- Country Pavilions

Why should international participants attend?

- Forge Bilateral Collaborations
- Showcase National Innovation & Support your Startups
- Promote Policy & Tech Diplomacy
- Expand Market Access
- Dedicated Country Pavilions
- Curated B2B & G2G Meetings
